Volunteer Appreciation Dinner

This year, nearly 200 ICGMC Volunteers and Friends came out to celebrate our work together on behalf of our homebound elderly and adults with disabilities.

As a special treat, our Keynote Speaker of the evening was JI Willett, Pastoral Care chaplain and best-selling author.

Attendees were riveted by Janice's inspirational personal and spiritual journey to discover her new life's work.

Despite the size of the crowd, all quickly were captivated by Janice's willingness to share her life altering experiences. Her poignant near death experience and connection to a new renewed purpose, coupled with her intimate understanding of ICGMC's spiritual care giving mission, created the perfect presentation for our volunteers.

"Inspirational", "moving", "so glad I came tonight", were just a few of the many comments made by guests, even months after the event.

"Her gentle inspiration and kindness was the perfect way to help us honor and celebrate our volunteers." said Linda Gyimoty, Executive Director of ICGMC. "By sharing her gifts with us all, she became our gift to our volunteers."

With Heartfelt Appreciation
